

**EUROCLONE PRESENTS**  
**Deciphering Biology at true resolution  
with the new spatial transcriptomics  
platforms**

**Abstract:**

Discover how to obtain targeted measurements at subcellular resolution with high sensitivity and high throughput using Xenium Analyzer

**Speaker:**

Diego Muzzini  
Product Manager

Per Informazioni: [d.muzzini@euroclone.it](mailto:d.muzzini@euroclone.it)

**Quando & Dove:**

Lunedì 20 maggio 2024  
Ore 13.00

Facoltà di Medicina  
Viale Europa, 11  
Brescia

Aula A
