Art.1 General provisions

For the Academic Year 2020/2021, the University of Brescia is issuing this call for applications for access to services for the right to higher education, in accordance with the provisions set forth in Lombardy Regional Law no. 33 of December 13, 2004, the Prime Ministerial Decree of April 09, 2001, Legislative Decree no. 68 of March 29, 2012 and the Lombardy Regional Council's resolution no. XI/3389 of July 20, 2020.

This call is financed by contributions from the Ministry of Education, University and Research (MIUR), Lombardy Region and funds made available by the University.

The benefits governed by this call for proposals are attributable to students who enrol to the 2020/2021 Academic Year at the University of Brescia who meet the merit, financial and academic regularity requirements specified in the sections relating to each benefit.

In the sections dedicated to the housing and catering services, for anything not expressly provided for, please refer to the section on scholarships.

Definitions:

For the purposes of attributing the benefits for the right to higher education, the following definitions apply:

Beneficiary: the student who possesses the merit and income requirements and is awarded the scholarship.

Eligible non-beneficiary: the student who, although in possession of the merit and income requirements, is not awarded the scholarship due to lack of funds.

Partial beneficiary: the student who receives 50% of the benefit; condition foreseen for students enrolled in the 1st year beyond the prescribed duration of their programme or the student enrolled in the 1st year who achieves the ex post merit requirement by 30 November 2021.

Very first enrolment: AY of first enrolment in any degree programme (can be different from the one attended in the 2020/2021 AY) of the same level/cycle of studies for which he or she is enrolled for the 2020/2021 AY, in any Italian or foreign university, regardless of the outcome of that career (withdrawal from studies, transfer, graduation, etc.).

ISEE: ISEE (Equivalent Financial Situation Indicator) for university services issued pursuant to art. 8 of Prime Ministerial Decree 159/2013 and in favour of the student applying for the benefits provided for by the Call.

Students must **promptly notify** the University of Brescia, at the address bandoservizi@unibs.it, of **any event concerning the Scholarship or other benefit that occurs later than the confirmation of the online application** (obtaining a different Scholarship or other financial aid, transfer to another University or change in programme venue, graduation, inability to continue studies, withdrawal of enrolment, etc.).

If it emerges from periodic checks that there has been the omission of a notification as described above, the student risks the suspension of benefits and subsidised services and the relative consequences (e.g. revocation and restitution of the Scholarship awarded, revocation of the exemption from enrolment fees, adjustment of costs relating to the services used, etc.), with no prejudice to any further sanctions provided for by law.

SECTION 1: SCHOLARSHIPS

Art. 2

Number of Scholarships

The number of Scholarships to be awarded will be defined on the basis of the overall budget availability.

Art. 3

General conditions of participation

The call is open to Italian students, students from countries belonging to the European Union, foreign students as per Presidential Decree no. 394 of August 31, 1999, implementing Legislative Decree no. 286 of July 25, 1998, and stateless students or political refugees, enrolled at the University of Brescia.

The online application for the Scholarship can be submitted on a digital form available from the home page of the University by following the path: www.unibs.it > Education > Scholarships and Services for the Right to Study - Related Sites (on the right of the page) > Online Help Desk, following the procedures specified therein.

Online applications must be confirmed by the **final deadline of September 30, 2020 at 1:00 pm** (Italian time zone).

NB: by the same date it is also necessary to be in possession of an ISEE (Equivalent Financial Situation Indicator) certificate valid for subsidised services for the right to higher education (or Recognised ISEE).

NB: Requests for services can also be submitted prior to the formalisation of enrolment in the Academic Year 2020/2021 as well as prior to taking any tests for admission to study programmes.

Applications will not be accepted if they do not comply with the requirements set out in this call for applications, are incomplete or received after the deadline set and/or are submitted in a manner different from that indicated above.

To participate in the call for applications, students must be enrolled for the 2020/2021 academic year:

- 1) For the first time to a regular year of a Degree Programme, Master's Degree Programme or Single Cycle Master's Degree Programme up to a further year beyond the normal duration of the study programme attended, starting from the very first enrolment (see page 2 for definition). If the beneficiary belongs to the categories referred to in art. 2 of Law no. 118 of March 30, 1971, or to other categories of disabled people protected by law, with recognised disability equal to or greater than 66%, enrolment is permitted for up to two more years beyond the normal duration of the study programme attended, starting from the very first enrolment;
- 2) to a Specialisation Programme (excluding Specialisation Programmes of the Medicine area

as per Legislative Decree 368/99);

- 3) to PhD programmes (excluding the scholarship holders pursuant to Ministerial Decree 224/1999 or research grants pursuant to Law no. 449 of December 27, 1997) activated by Ministerial Decree no. 210 art. 4 of July 3, 1998, for a period of time equal to the duration provided for by the respective regulations.

Art. 4 - Incompatibility

The scholarship cannot be combined with similar forms of financial aid provided by the managing body or by other public or private bodies. In this case, the student must choose between one benefit and the other. Exceptions to this are scholarships awarded by national or foreign institutions intended for training or research periods abroad.

Art. 5 Other grounds for exclusion

In any case, students who meet the following criteria in the 2020/2021 academic year are also excluded from the benefit:

- Already hold an academic qualification of the same level as or superior to the study programme for which the Scholarship application is made for the A.Y. 2020/2021;
- Have debts/pending payments towards the University of Brescia on the date of publication of the Final Scholarship Ranking List, unless a signed instalment repayment agreement is in place.

Art. 6 - Transfers

A student who has transferred from another University after the beginning of the Academic Year must ask the University or the Managing Body for the Right to Higher Education of the University of origin to forward his/her application, as long as it is submitted by the deadline established in the call for applications.

The regularisation of the transfer application must be completed by November 30, 2020.

Admission to the ranking will be subject to the possession of merit and income requirements and the availability of resources.

In the case of transfer to another University after the start of the AY, the application submitted to the University of Brescia will be sent, only after a timely and explicit request in writing from the student concerned to the certified email address [ammcentr@cert.unibs .it](mailto:ammcentr@cert.unibs.it) (also by non-certified e-mail), to the University or University body where the student has requested the transfer. In this case, the student forfeits the benefit provided by the University of Brescia (he/she will therefore have to return any instalments collected).

Art. 7

Requirements for placement on the Scholarship ranking list

The student must be in possession of both the merit and economic status requirements, as specified below.

A) MERIT REQUIREMENTS

For beneficiaries who belong to the categories pursuant to Art. 2 of Law no. 118 of March 30, 1971, or to other categories of disabled persons protected by law, with an invalidity rating of 66% or more, the minimum high school diploma grade is 60/100.

NB: The ongoing tests and the individual modules are not included in the calculation.

*** Proportional criterion:** for all Degree programmes whose number of sustainable annual credits is different from 60, a criterion proportional to the merit requirement provided for in the above table, rounded down, is applied to determine the merit requirement, referring to the number of credits present in the teaching regulations of each course. It is possible to check the credits provided for in the study plan on the website dedicated to each study programme.

Students may make use of an **automatically activated bonus**, used to make up the difference between the minimum required number of educational credits and the number actually achieved:

The total number of the **bonus** credits differs based on the year of enrolment in which it is activated. Specifically, the bonus totals are:

- **five** credits, for maintaining the benefits of the first year or obtaining the benefits for the second year of those enrolled in the Three-Year, Master's and Single Cycle Master's Degree Programmes;
- **twelve** credits to obtain the advantages for the third year of those enrolled on 3-year Degree, Master's Degree and Single Cycle Programmes and for the 1st additional programme year of those enrolled on Master's Degree Programmes;
- **fifteen** credits to obtain the advantages for additional academic years of those enrolled on 3-year Degree, Master's Degree and Single Cycle Programmes.

The bonus can be activated, during the course of your career, until you obtain the qualification, only once and used until the share is exhausted for the following years.

4. If the beneficiary belongs to the categories referred to in art. 2 of Law no. 118, or to other categories of **disabled people** protected by law, with a recognised disability equal to or greater than 66%, individual merit requirements are defined which may differ from those provided for in the previous table up to a maximum of 40%, based on the % of recognised disability, as specified in the following table:

Percentage disability	Percentage of credits granted
66% - 74%	10%
75% - 82%	20%
83% - 90%	30%
91% - 100%	40%

5. For **Part-time** students, the requirements of merit and the bonus values are half of those shown in the table.

B) REQUIREMENTS RELATED TO FINANCIAL STATUS

The student's financial status is identified based on the Equivalent Financial Situation Indicator (ISEE - 2020) **valid for subsidised services for the right to higher education** pursuant to Prime Ministerial Decree no. 159 of 5 December 2013).

Please note: **non-compliant ISEE will not be considered** (which have notes for omissions and/or discrepancies). Non-compliant ISEE occurs when the INPS (Italian social security and welfare institute), when issuing the ISEE, detects omissions/discrepancies/deviations with respect to what has been declared by the interested party. For more details see art. 11, paragraph 5 of the Prime Ministerial Decree No.159 of 5 December 2013, and art. 3 of Decree 7 November 2014.

Pursuant to Prime Ministerial Decree no. 159 of 5 December 2013 and the INPS circular no. 171 of 18 December 2014, the share of “Right to Higher Education” scholarship received in the 2018 calendar year must be declared for ISEE purposes. The share for 2018 must be declared in the online application and it will be deducted from the ISEE provided by INPS for the students who were also awarded the “Right to Higher Education” scholarship in 2019.

The student must **be in possession of the ISEE** issued by INPS **valid for subsidised services for the right to higher education by and no later than the final deadline of 30/09/2020** in order to allow the electronic acquisition of income data.

The absence of ISEE data will lead to exclusion from the Scholarship call for applications.

Students who request the benefits for the right to higher education must be in possession, with reference to the family unit as defined pursuant to the Prime Ministerial Decree no. 159 of 5 December 2013.

- of an Equivalent Equity Situation Indicator (calculated by the managing bodies and corresponding to an Equity Situation Indicator/Equivalence Scale, as per Sect. I Method for calculating the ordinary ISEE certificate for higher education services) **not exceeding € 50,000.00**;
- an Equivalent Financial Situation Indicator (ISEE for subsidised services for the Right to Higher Education) **not exceeding € 23,000.00**.

Independent student: in implementation of the provisions of art. 8, paragraph 2 of Prime Ministerial Decree No.159-2013 and in order to take adequately into consideration the individuals who bear the costs of maintaining a student, the household of the applicant is integrated with that of his/her parents when they both fail to meet the following requirements:

- residence, recorded in the General Register Office, outside of the residential unit of the family of origin, at least two years prior to the date of application and in a property not owned by a member of the original family household;
- income from employment or similar work, not undertaken for a family member, fiscally declared for at least two years, not less than € 6,500.00 per year.

In the event of failure to meet either of the conditions above, the equity and financial situation of the family of origin will be taken into consideration.

Please note that pursuant to article 9 of the Prime Ministerial Decree No. 159/2013, the current ISEE can be requested when, despite already having a valid ordinary ISEE, there is a change in the work situation or an interruption of social security, welfare and indemnity treatments not included in the total income (declared for IRPEF purposes) for one or more members of the family unit; or, again when there is a decrease in the overall income capacity of the family unit of more than 25%. For more information contact the CAAF (Italian authorised tax assistance centre).

Assessment of the financial and equity status for non-residents in Italy and/or with income and assets in countries other than Italy:

in this case it is necessary to contact one of the CAAF offices affiliated with the University of Brescia (see the list published on the University website) to request the **Recognised ISEE for subsidised services for the right to higher education**. The CAAF office will be responsible for sending the data of the Recognised ISEE to the University. Also in this case the student must **be in possession of the Recognised ISEE valid for subsidised services for the right to higher education by and no later than the final deadline of 30/09/2020**.

The household financial and equity situation must be certified by appropriate documents issued by the relevant authorities of the country in which the income was earned and must be translated into Italian by the competent Italian diplomatic authority of the territory in question.

The financial status of foreign students or Italian students residing abroad is defined based on the provisions contained in art. 8, paragraph 5, of the Prime Ministerial Decree No.159/2013, subject to various provisions issued at national level.

The financial and equity status for foreign students not belonging to the European Union is assessed according to the procedures prescribed by Legislative Decree No.286 of 25 July 1998, as amended (Article 4, paragraphs 3 and 39) and by Presidential Decree No.394 of 31 August 1999 (Article 46, paragraph 5).

The documentation to be submitted to the CAAF is as follows (for more information, contact one of the affiliated CAAF offices):

1. Tax Code
2. Valid identity card or passport;
3. Proof of household composition;
4. Income of each family member for the calendar year 2019;
5. Proof of unemployment for any unemployed family members;
6. Declaration of the property owned by the family in the country of origin, detailing the surface areas in square metres;
7. Proof of assets owned by the family (expressed in bonds, dividends, shares, fractions of net assets of any companies owned, etc.);
8. Any ISEE certification for income and assets owned and produced in Italy;
9. Proof of any scholarships, even if not subject to taxation, received in 2018 and 2019.

In the case of countries in which it is particularly difficult to obtain certification from the local Italian embassy, such certification must be obtained from the competent foreign diplomatic or consular representatives in Italy and legalised by the Prefecture pursuant to Art. 33 of Presidential Decree no. 445 of 28 December 2000.

The student must, in any event, declare any income and assets held in Italy by his/her household, according to the Council of Ministers Presidential Decree no. 159 of 5 December 2013.

Students from "particularly poor and developing countries":

Foreign students from "particularly poor and developing countries" referred to in MUR Decree no. 62/2020 of 6 May 2020, with a visa or residence permit for study purposes, do not need to produce a Recognised ISEE, if there are no income earners in Italy in the family unit.

These students will automatically be placed in the first income band.

Students involved in mobility projects for the entire AY will be awarded the flat-rate amount established by the Lombardy Region for free meals. Meals taken at the University Campus and at affiliated premises will be charged at the amount pertaining to the income bracket based on the student's ISEE. If the beneficiary belongs to the categories referred to in art. 2 of Law no. 118 of 30 March 1971, or to other categories of disabled people protected by law, with a recognised disability equal to or greater than 66%, the annual amount of the scholarship may be increased up to a maximum of € 2,821.00 for students considered on site, € 4,014.00 for students considered commuters and € 7,353.00 for students considered off site, in proportion to the percentage of disability certified.

This scholarship, which can be awarded on the reasoned request of the interested party, can be converted into the provision of specialist equipment and differentiated teaching materials, accommodation, assignment of an accompanying person or assistant for studies or interpreter or any other instrument suitable for overcoming particular individual difficulties.

Students who graduate within the legal duration of the programme (so-called “degree award”):

Students who, in the A.Y. 2020/2021, are enrolled on a Single cycle Master's Programme, who have been awarded a scholarship for the same year and who graduate in within the legal duration of the study programme, starting from the very first enrolment, have the right to a grant supplement of €1,000.00 for the most recently allocated scholarship, based on available funding. This right is extended to students who in the AY 2020/2021 are enrolled in the last year of a Master's Degree Programme and have been awarded a scholarship for the same year, provided that:

2. their university career does not exceed a total of five years;
3. they have not already received a degree award;
4. they graduate by December 2021.

The ranking lists will be drafted based on the following criteria:

- Degree grade in descending order (honours are worth 1 point)
- In the case of equal merit ratings, the student with the lowest 2020 ISEE/Recognised ISEE value takes precedence on the ranking list; in the case of further equality of rating, the youngest student takes precedence.

This degree award will be awarded automatically to students who meet the aforementioned conditions, based on available funds.

Art. 10
Procedure for the compilation of Scholarship Ranking Lists

Ranking lists are compiled according to the criteria specified below, without prejudice to the allocation of Scholarships to those who qualify who are disabled with an invalidity rating of 66% or more.

A) Students enrolled in the first year of:

- **3-year Degree Programmes and Single Cycle Master's Degree Programmes** (maximum 1,000 points):
 - 80% from high school diploma grade
 - 20% from the ISEE/Recognised ISEE

Formula for calculating the 1,000 points:

High school diploma grade awarded	800
X	Maximum high school diploma grade

$$\left[1 - \frac{\text{ISEE or Recognised ISEE}}{\text{€ 23,000.00.}} \right] \times 200$$

In the case of equal points, the youngest student takes precedence.

Students who gained their diplomas outside of Italy will be assessed according to the result of applying the conversion formula adopted by MIUR (MIUR note of June 4, 2007 – see page 39).

– **Master's Degree Programmes** (maximum 1,000 points):

- 80% from Bachelor's Degree (honours is worth one point)
- 20% from the ISEE/Recognised ISEE

Formula for calculating the 1,000 points:

Degree grade awarded X	$\frac{800}{\text{Maximum Degree grade}}$
------------------------	---

In the case of equal points, the youngest student takes precedence.

$\left[1 - \left[\frac{\text{ISEE or Recognised ISEE}}{\text{€ 23,000.00.}} \right] \right]$	$\times 200$
--	--------------

B) Post-First Year Enrolled Students

The order of the ranking lists is determined, in descending order, by the total points derived from the sum of the score relative to the number of educational credits achieved by 10 August 2020 and the score calculated from the average exam grade. A total points of 1,000 can be awarded, distributed as follows: 600 based on the number of educational credits acquired and 400 based on the average grade of the exams passed (eligibility is not included in the calculation).

Scores relating to educational credits awarded by 10 August 2020 are calculated according to the following formulae:

(Student credits – Minimum credits) X	600
	(Maximum credits – Minimum credits)

(Average student grade – Minimum grade)X	400
	(Maximum grade – Minimum grade)

In the case of equal merit ratings, the student with the lowest ISEE/Recognised ISEE takes precedence on the ranking list; in the case of further equality of rating, the youngest student takes precedence.

C) PhD Programmes (excluding scholarship recipients pursuant to Ministerial Decree no.224 of 30.04.99 and research grants pursuant to Law no. 449 of 27.12.1997), **Specialisation Programmes** (excluding those for the medical field pursuant to Legislative Decree no. 368/1999) , **Specialisation Programmes in the Health and Dentistry Area** (Interministerial Decree no. 716, 16/09/2016)

The order in the ranking is determined by the score:

- 80% from 3-year Degree (honours is worth one point)
- 20% from the ISEE/Recognised ISEE

In the case of equal points, the youngest student takes precedence.

Formula for calculating the 1,000 points:

Degree grade awarded X	800
	Maximum Degree grade

1-	$\left(\frac{\text{ISEE or Recognised ISEE}}{\text{€ 23,000.00.}} \right)$	X 200
----	---	-------

For all students:

The following will be included in the provisional list (see art. 11) and/or in the final ranking (and subsequent updates) **with "pending" status**:

- Students who have transferred from another University and/or Degree Programme, pending the definition of merit (or the validation of the educational credits relating to the new Degree programme);

Art. 11

Applications for correction and publication of the scholarship ranking

A provisional list, defining only the hypothetical position of "eligible" / "excluded" / "pending" of the student, will be made known to interested parties by November 3, 2020 through publication on the University website: www.unibs.it > Education > Scholarships and Services for the Right to Study.

Any requests for correction of this provisional list must be submitted **no later than 15 days after its publication**, by accessing the website: www.unibs.it > Education > Scholarships and Services for the Right to Higher Education - Related sites (right)> Online Help Desk> Login> Correction Requests.

The **Final Ranking Lists**, which define the right of "eligible" students to scholarships, based on the number of scholarships, as defined above, are made available to the students in question by **03 December 2020** via their publication:

- Notice Board > Competitive examinations, calls for applications and tenders
- www.unibs.it > Education > Scholarships and Services for the Right to Higher Education - Related sites (right)> Online Help Desk.

The publication of the ranking list and subsequent updates on the University's website represents the only means of legal disclosure of the outcome of the Call for Applications.

From 04/12/2020 to 30/06/2021 the rankings will be updated based on data acquired in relation to students with "pending" status in the final December rankings, as outlined in art. 10.

Each time the ranking is updated, the student will be notified via the email address issued when requesting services.

Art. 12

Scholarship allocation, exemption from fees, method of payment and revocation

Allocation:

Scholarships are allocated according to the eligibility percentage of each category in relation to the total number, rounded up/down to the nearest whole number, for the academic year prior to that of the call for applications.

For the A.Y. 2020/2021, the percentages are as follows:

- 23.72% for first year students enrolled on the 3-year and single cycle degree programmes;
- 8.35% for first year students enrolled on the Master's degree programmes;
- 67.61% for post-first year enrolled students;
- 0.32% for PhD students and students of Schools of Specialisation.

Within the categories defined above, the Scholarships will be distributed as follows:

- **First Year Enrolled Students:**

The distribution of the number of Scholarships will be made in order of the ranking positions established by scores for merit / income, dividing the applicants enrolled on 3-year Degree and Single Cycle Degree Programmes from those enrolled on Master's Degree Programmes.

- **Post-First Year Enrolled Students:**

The ranking will be divided by Degree Programme with reference to the Academic Year of first ever enrolment according to the aforementioned system. The Scholarships will be distributed as a percentage based on the number of eligible candidates for each category compared to the total number of suitable candidates.

- **PhD programmes and Schools of Specialisation:**

The distribution of the number of Scholarships will be made in order of the ranking positions established by scores for merit/income.

Exemption from University Fees:

Students who meet the income and merit requirements of this call for applications for Scholarships, said to be ELIGIBLE, are awarded full exemption from university contributions.

Students eligible for the Scholarship enrolled in the year following the last year of the regular programme, with reference to the year of enrolment, and students enrolled in the first year who confirm the 50% benefit, are exempt for half of the university contributions due.

Regional tax for the Right to Higher Education of must be paid.

Payment Method:

The Scholarships are exempt from Income Tax, as established by Circular no. 109/E of 6 April 1995 of the Ministry of Finance.
Scholarships can be combined with study transfers abroad.

Scholarships are issued via BANK TRANSFER ONLY.

The student must enter/check the current account number in his/her name or joint name, by accessing his/her personal page on the University portal at: "Home> Personal Data> Change Payment and Refund Data - Use the link to change the details in order to receive payments or refunds".

• **For first year enrolled students:**

Beneficiaries of the Scholarship will receive their first payment, equal to 50% of the amount due, by 28 February 2021.

The balance of the Scholarship will be credited if and only if the student has obtained, by and no later than August 10, 2021, the educational credits indicated in the table below **(calculated for programmes whose number of sustainable annual credits is 60)***. This will be carried out from September 2021 onwards.

If the beneficiaries do not obtain the credits by 10/08/2021, they will have the opportunity to maintain the right to be awarded 50% of the scholarship amount by achieving the credits required by 11/30/2021. In these cases, 50% of the amount due for meals consumed throughout the year and the possible adjustment of 50% of the housing service will also be required. These students obtain a 50% fee/contribution exemption based on the ISEE.

If the credits are not obtained by 11/30/2021 the benefit will be REVOKED and the student will be required to RETURN the instalment collected and the due amount of the meals consumed during the year as well as the housing service at the cost of the 4th income bracket. The fees and contributions will be paid by the student according to their ISEE.

In order to maintain eligibility for the scholarship, "Eligible non-beneficiary" students must in any case comply with what is indicated above for the beneficiaries and therefore obtain the credits as indicated in the table below **(calculated for programmes whose number of sustainable annual credits is equal to 60)***.

Study Programmes	Credits required: By 10/08/2021, allocation of 100% of the scholarship or By 30/11/2021, allocation of 50% of the scholarship
Degree, Master's Degree, Single Cycle Master's Degree	No.35

It is to be noted that the educational credits valid for Scholarship purposes are those achieved through exams specifically indicated in the Study Plan proposed by the Study Programme or in the Study Plan proposed by the student and already approved, for the AY 2020/2021, on the date of application, by the Study Programme Board. NB: The ongoing tests and the individual modules are not included in the calculation.

Internships: educational credits acquired through final tests (final exam) of internships, based on the university teaching organisation of the Healthcare Profession Programmes, following August 10, 2020, are valid as long as the test results are given by October 31, 2020.

Proportional criterion: for all Degree programmes whose number of sustainable annual credits is different from 60, a criterion proportional to the merit requirement provided for in the above table, rounded down, is applied to determine the merit requirement, referring to the number of credits present in the teaching regulations of each course.

Students may make use of an **automatically activated bonus of 5 credits**, used to make up the difference between the minimum required number of educational credits and the number actually achieved: See in this regard art. 7.

The Bonus can also be used by those who present the required credits for 50% of the Study Scholarship by 30/11/2021.

For part-time students, the requirements of merit and the bonus value will be half of those indicated for full-time students.

Students who are enrolled with AEOs (Additional Educational Obligations) are "suspended" from payment of the scholarship until these requirements are fulfilled.

For students with disabilities, who have been recognised as having a disability equal to or greater than 66%, the individual merit requirements may differ from those set out in the previous table up to a maximum of 40%, based on the % of disability recognised, as specified in the following table:

Percentage disability	Percentage of credits granted
66% - 74%	10%
75% - 82%	20%
83% - 90%	30%
91% - 100%	40%

- **Post-First Year Enrolled Students:**

100% of the Scholarship will be issued to successful applicants by **28 February 2021**.

N.B. students with “pending status” (as defined in art. 10) who will qualify for scholarships following ranking list updates will receive their scholarships in a single payment.

Revocation:

The scholarship/eligibility for the scholarship is revoked for students enrolled in the first year of all university programmes who have not achieved the required credits by 30 November 2021. It is also revoked for students who achieve the final qualification in one of the graduation sessions of the AY 2019/2020.

Following the detection of serious discrepancies in students' careers, compared to what has been declared, the scholarships awarded will be revoked.

The revocation of the scholarship/eligibility for the scholarship involves the return of the sums received, the adjustment of the costs relating to the services used (catering and accommodation) calculated at the cost of the 4th income bracket and the payment of university contributions based on the fees and contributions regulation.

The same will apply to students in " pending" status who, on the basis of subsequent rankings updates, are not eligible for the scholarship.

The University of Brescia may draft agreements for the recovery of revoked grants in instalments.

In the event of failure to repay sums owed to the university, steps will be taken to suspend the student's university career, with no prejudice to any other further consequences.

Art. 13

In the event of false declarations, sanctions will be applied pursuant to Articles 75 and 76 of Presidential Decree 445/2000, as well as the sanctions established by Art. 10 of Legislative Decree 68/2012.

This is without prejudice to the implementation of disciplinary sanctions and reporting to the judicial authorities, in the event of any criminal activity (Art. 331 of the Italian Penal Code).

Those listed as "pending" in the scholarship ranking: continue to pay for the service in the 1st income bracket until their position as beneficiaries, eligible non-beneficiaries or ineligible is defined.

For students eligible for a 50% scholarship for the AY 2020/2021, the related subsidised catering service is also halved.

If taking subsidised meals based on the award of a Scholarship for the AY 2020/2021 (meals in 1st income bracket and/or free), these must be supplemented at the cost of the 4th bracket if eligibility for the scholarship (100% or 50%) is revoked by the University for any reason (forfeiture, career assessments, tax checks, transfers, etc.).

2. Students not in possession of the income and/or merit requirements for the Scholarship (see Scholarship Section), the service is charged at the 4th income bracket.
3. Students who have not requested a scholarship, although they meet the income and merit requirements, will be entitled to meals at the cost of the income bracket they belong to, following a written request from the student to the address ristorazione@unibs.it, attaching any suitable documentation attesting that these requirements are met.
4. For students enrolled beyond the first additional year of their standard programme, the full service rate is applied.
5. Students who work as well as study or who have attended the "24 Credits Course" provided for by Legislative Decree 59/17, for whom the last year of the programme is extended for the purposes of determining the student's position, are entitled to meals charged at their income bracket.

The service activated in the A.Y. 2020/2021 expires on 31/12/2021, without prejudice to the conditions causing loss of right to the service during the year (e.g. graduation, withdrawal from university, transfer, etc.).

For students using the catering service based on the results of the scholarship ranking of the AY 2019/2020, their meal entitlement based on this will be active until 31/12/2020. The provisional 1st bracket will not be entitled even if they are applying for a scholarship for the AY 2020/21 pending publication of the final ranking.

To access the catering service, students must have a Student Card issued by the Treasury.

First year students who have already completed enrolment in the AY 2020/2021 pending delivery of the Student Card and wish to use the catering service can request to do so by writing to ristorazione@unibs.it to agree on terms and conditions for the collection of a temporary card.

ANNEX 2: MIUR NOTE 04/06/2007 FORMULA FOR EVALUATING HIGH SCHOOL DIPLOMAS AWARDED OUTSIDE OF ITALY

The mathematical formulae applied by universities, based on indications provided by the Ministry for Universities and Research (MURST) and confirmed by MIUR with the Note of 4 June 2007, for the evaluation of high school diplomas awarded outside of Italy, are published as follows:

1) For Belgium

$$(G. d. - G. min.)$$

$$G. I. = \frac{\quad}{\quad} \times 40 + 60$$

$$(G. max. - G. min.)$$

where:

G. I. = Italian grade equivalent;

G.d. = diploma grade of the European country;

G. min. = minimum grade in the European country system;

G. max. = maximum grade in the European country system;

the numbers 40 and 60 indicate, respectively:

40 : the number of points of the Italian system minus one; 60:

the minimum passing grade in Italy.

2) For all other countries, there may be two options:

a) if the grade awarded is neither minimum nor maximum of those of the grading system of the country in question, the formula shown in part 1 is applied;

b) if the grade awarded is either the minimum or maximum of those of the grading system of the country in question: given that the system has a required number of points that is lower than that of the Italian System, no direct correspondence can be made between the Italian minimum and maximum and the foreign minimum and maximum grades. Therefore, the following values corresponding to the Italian system are assigned to the foreign minimum and maximum:

If: G. d. = G. max.

$$G. I. = 100 + \frac{(12 h - 6)}{(G. \max. - G. \min.)}$$

If: G. d. = G. min

$$G. I. = 60 - \frac{(12 h - 6)}{(G. \max. - G. \min.)}$$

where:

$$= \frac{(G. \max. - G. \min.) h}{48}$$

and represents the grade approximation margin according to the Italian system (approx. 2%).

The Italian grade obtained by applying these formulae is approximated to the nearest quarter of a unit.
