

Annex 1

List of Bachelor's Degree Programmes

1. All Bachelor's degree programmes require an admission test, indicative for some and selective for others, which will be taken in September or October 2021. Applications for the admission test will be received via online procedure. Participation in the test is mandatory.
2. The terms of enrolment to the admission test are detailed in the individual calls. For information see page <https://en.unibs.it/online-students-office/enrolment/admission-study-programmes-0>
