## LECTURE AND DISCUSSION

By Prof. Dr. Efferth, Department of Pharmaceutical Biology, JGU Mainz  
[effertth@uni-mainz.de](mailto:effertth@uni-mainz.de)

3 pm - 5 pm

### Basic Knowledge On SARS-CoV-2 And COVID-19

There is no disease threatening people more than COVID-19 these days. While infectious diseases are implemented in most curricula in life sciences and pharmacy, we are witnessing the evolution of a completely new viral disease and the new knowledge increases from month to month.

This online seminar provides a comprehensive overview on the basic knowledge of this novel viral disease regarding epidemiology, molecular biology, pathophysiology, immunology and pharmacology (including natural products).

5 pm

## TEASER

Featuring the new video about Forster Summer School at JGU Mainz and find out more about the topic in 2022. *Nuclear Fission: Discovery – Impacts – Perspectives.*

5:15 pm

## GET TOGETHER

Meet former and future participants on a networking platform.  
Take the opportunity to ask questions, get information and exchange ideas.
