

CYCLES OF SEMINARS ON SOFT SKILLS with issue of an Open Badge

It is now possible for students to enrol in the “**CYCLES OF SEMINARS ON SOFT SKILLS**”, each lasting 20 hours, that will take place in the first quarter of A.Y. 2022/2023.

The seminars are aimed to all **students enrolled in Master's degree courses affiliated with the Department of Economics and Management**.

Students may submit their registration request from September 5th, 2022 at 12:00 to September 18th, 2022 at 23:59 using the **SECRETARIAT – INITIATIVES** section of their personal page.

For each cycle, the programme is divided into the four following modules:

- MODULE 1: EFFECTIVE COMMUNICATION AND EMOTIONAL INTELLIGENCE (3 sessions of 2 hours each)
- MODULE 2: PUBLIC SPEAKING (3 sessions lasting 2 hours each)
- MODULE 3: JOB-HUNTING (3 sessions lasting 2 hours each)
- MODULE 4: EFFECTIVE WRITTEN COMMUNICATION (1 session lasting 2 hours)

Two of the seminar's cycles will be delivered in Italian (for 30 students enrolled in the Master's degree courses and curricula in Italian for each cycle) and one cycle will be delivered in English (for 30 students enrolled in the curricula in English).

The lessons will be held in person following the attached calendar.

The participants will be selected on the basis of the credits they have acquired upon submitting their requests and their weighted average mark.

The applicant's degree course and curriculum will take priority in the acceptance of registration requests for one of the three cycles of the seminars.

Students who pass the final assessment will be awarded with an Open Badge, i.e. a digital certification attesting their acquisition of soft skills and competences.

An Open Badge will allow students to:

- supplement their personal electronic CV to value the skills they have acquired over the years and make them more useful and visible;
- communicate quickly, also on an international level, by sharing and spreading information on their personal skills through social media (Instagram, Facebook, Twitter, LinkedIn, etc.);
- collect and download the image of the badge from the dedicated page or link;
- offer personal skills to companies that are searching for profiles with specific skills and abilities.

For further information, please contact the Didactic Secretariat of the Department of Economics and Management at servizi.didattici.economia@unibs.it
