

NOTICE

TUTORIAL SESSIONS

FOR PREPARATION FOR THE MATHEMATICS EXAM

A.Y. 2025/2026

The professors of Mathematics have organised 5 tutorial sessions to help prepare for the upcoming exams (summer session and September session).

Meetings will be held **online** according to the following schedule:

	Tutorial 1	Tutorial 2	Tutorial 3	Tutorial 4	Tutorial 5
Business and Economics	8 May 2026 time 14:30-16:30	15 May 2026 time 14:30-16:30	22 May 2026 time 18:00-20:00	29 May 2026 time 14:30-16:30	5 June 2026 time 14:30-16:30

The contents of each tutorial session are listed below:

- **Tutorial 1:** Linear Algebra
- **Tutorial 2:** Real-valued functions of a real variable - Part 1
- **Tutorial 3:** Real-valued functions of a real variable - Part 2
- **Tutorial 4:** Integrals
- **Tutorial 5:** Real-valued functions of several real variables and optimization.

To participate in the tutorial session, it is necessary to access the Team specified in the next table.

All students are asked to join the meeting only a few minutes before it starts and to make sure they are in the correct meeting where the lecturer is present.

Please, do NOT start new meetings and join the meeting scheduled in the calendar.
