

To access the Catering service, you must activate the UniBS.EAT app.

1. Download the UniBS.EAT app from Google Play or the App Store.
2. Connect the app to your device using another device (smartphone, tablet, PC) to generate the association QR code.
 - a. Go to <https://unibs-sol.dirittoallostudio.it/apps/V3.1/sol/public/> and log in to your online student profile.
 - b. Select "Catering Service App Association" for the relevant academic year.

The association will be made by scanning the generated QR code using the previously downloaded app and pressing the "genera QR code di associazione" button.

3. Once the QR code has been scanned with the app, you can set the app access PIN.
4. Generating a QR code to access the canteen is possible using the Canteen Card function in the app.
5. Show the QR code to the canteen cashier.
