REGULATIONS ON THE FREE STORAGE OF PACKAGES CONTAINING PERSONAL BELONGINGS BY RESIDENT STUDENTS

Students who do not require accommodation in the month of August, or who move abroad during the academic year for a limited period (internship, Erasmus or exchange) and who wish to resume the accommodation service upon their return may request to store at the University of Brescia a maximum of 3 (three) packages in the university residence storage facility. To benefit from this service, students must make a booking via email to: reception@unibs.it

Storage is granted at the discretion of the university and, in any case, according to the order of the bookings made, subject to available space.

Packages containing personal belongings must be as follows:
- completely enclosed and sealed;
- the depositor's details, mobile phone number and email address must be included and be clearly visible on each package;
- the student must sign along any openings on the sides of the packages.

Packages may only contain non-valuable clothing and other items. Therefore, it is strictly forbidden to store technological devices (computers, smartphones, laptops, hard drives, iPods, etc.) and valuable items.

Notwithstanding the provisions of Articles 1766 and following of the Italian Civil Code, the student accepts full responsibility for the items stored and the storage service provided, relieving the University of Brescia of any civil and criminal liability whatsoever.

Packages must be retrieved strictly within the deadline specified on the storage request form. In the event of failure to retrieve a package within the deadline, the University of Brescia will send written notification to the depositor via email to the address shown on the stored package and to any existing registered university email address, granting a short deadline extension. Should the depositor fail to retrieve his/her packages within this extended deadline, the University of Brescia will consider the packages abandoned and will organise for them to be disposed of according to the regulations in force on waste disposal.

Having read and accepted the above, this document, an integral part of the storage form, is signed by the depositor at the moment of placing the packages in storage.
