Occupazione desiderata/Settore professionale Università e ricerca

Professor of Town and country planning at the University of Brescia (Italy), Department of Civil Engineering, Architecture, Land and Environment (DICATA), born in Salò (BS), Italy, in 1970, graduated in Civil Engineering at the University of Brescia.

She obtained a 3 year-Research Doctorate in Town planning technique at the Polytechnic of Milan (2000).

From 2002 to 2005 researcher of Urban planning and techniques in the Department of Civil Engineering of the University of Brescia, since 2005 she is Associate Professor of Town and regional planning in the same university, where she teaches Analysis of urban and regional system and Urban Planning and Town planning technique.

Author of various books, papers and other publications, her main fields of research are:

- Land-use dynamics and environmental hazards
- Evaluation of plan previews for a safe and sustainable town
- Urban policies and techniques towards a safer town

She took part in many projects about Mobility safety as a management objective of urban transformation (Italian National Council of Research-Project TRANSPORT 2) and Developing Urban Management And Safety (DUMAS EU Project), particularly working on the application of Geographic Information System (GIS) for localization, analyses and representation of road accidents, with especially attention to the monitoring of the effects of planning and traffic safety measures. She was Italian delegate in the Management Committee in the EU COST Action C27- Sustainable Development Policies for Minor Deprived Urban Communities. She is also a member of the College of Professors of the Ph.D. Course in Place and times of town and country at the University of Brescia. Since 2013 she is urban planning commissioner of the City of Brescia.
