

**EUROPEAN
CURRICULUM VITAE**

PERSONAL INFORMATION

Name **GOLIA, Silvia**
Address **C.DA SANTA CHIARA, 50 – 25122 BRESCIA, ITALY**
Telephone **+390302988644**
Fax **+390302400925**
E-mail **silvia.golia@unibs.it**
Nationality Italian

WORK EXPERIENCE

- Dates (from – to) From 2005
- Name and address of employer University of Brescia
Department of Economics and Management
(before 2013: Department of Quantitative Methods – Faculty of Economics)
C.da S. Chiara, 50 - 25122 Brescia, Italy
- Type of business or sector University
- Occupation or position held Assistant Professor, Statistics
- Main activities and responsibilities Research activity on methodological and applied statistics
Teacher of several courses (at the moment: *Statistics for Risk Management*; formerly: *International Economic Statistics, Financial Time Series, Statistical Inference*).
Teacher of phd courses (*Statistical Inference and Probability and Statistical Models and Forecasting*)
Lecturer of several courses with statistical contents

- Dates (from – to) 2001-2004
- Name and address of employer University of Brescia
Department of Quantitative Methods – Faculty of Economics (after 2013: Department of Economics and Management)
C.da S. Chiara, 50 - 25122 Brescia, Italy
- Type of business or sector University
- Occupation or position held Researcher Fellow, Statistics
- Main activities and responsibilities Research project: Recent developments in nonlinear time series analysis of economic and financial data. (Heads of the project: Prof. L. Dancelli and Prof. A. Mazzali)

- Dates (from – to) 2000
- Name and address of employer European Institute of Oncology
Division of Epidemiology and Biostatistics
Via Ripamonti, 435 - 20141 Milano, Italy
- Type of business or sector Hospital
- Occupation or position held Researcher Fellow, Statistics
- Main activities and responsibilities Research activity on medical statistic

- Dates (from – to) February-June 1998
- Name and address of employer Institute for Pure and Applied Physical Science, University of California San Diego (USA)
- Type of business or sector University
- Occupation or position held Visiting scholar in Statistics
- Main activities and responsibilities Research Project: Detection and Classification of Chaotic Dynamical Systems. (Head of the project: Dr. J. Kadtke)

EDUCATION AND TRAINING

- Dates (from – to) 1996-1999
- Name and type of organisation providing education and training University of Perugia, Italy
- Principal subjects/occupational skills covered Statistical Inference, Mathematical statistics, Probability theory, Data Analysis, Sample Theory, Stochastic Processes, Multivariate models, Time series analysis; Programming languages for computational statistics.
- Title of qualification awarded Ph.D. In Statistical and Mathematical Methods for the Economic and Social Research
- Level in national classification (if appropriate)
- Dates (from – to) 1988-1996
- Name and type of organisation providing education and training University of Padova, Italy – Faculty of Statistics
- Principal subjects/occupational skills covered Several courses with statistic and economic contents
- Title of qualification awarded 'Dottore' in Economic Statistics
- Level in national classification (if appropriate) Laurea

PERSONAL SKILLS AND COMPETENCES

MOTHER TONGUE

ITALIAN

OTHER LANGUAGES

ENGLISH

- Reading skills GOOD
- Writing skills GOOD
- Verbal skills GOOD

SPANISH

- Reading skills BASIC
- Writing skills BASIC
- Verbal skills BASIC

SOCIAL SKILLS AND COMPETENCES

Living and working with other people, also in multicultural environment (member of the research group of DMS StatLab - Data Methods and Systems Statistical Laboratory, Department of Economics and Management - University of Brescia, several research projects at University of Brescia, one visiting fellowship at the University of California at San Diego, USA, at the 'Institute for Pure and Applied Physical Science' in 1998)

SCIENTIFIC MEMBERSHIPS AND MAIN COLLABORATIONS

From 2006: Ordinary member of the Italian Statistical Society (SIS)

From 2013: Member of the DMS StatLab – Data Methods and Systems Statistical Laboratory, University of Brescia

From 2013: Member of the Editorial Secretariat of the scientific SCOPUS journal *Statistica&Applicazioni* and from 2016 Coordinator of the Editorial Staff

Collaboration with the Philosophy, Education and Psychology Department of the University of Verona

Collaboration with the following scientific journals with review activity: *Applied Psychological Measurement*, *Electronic Journal of Applied Statistical Analysis*, *Journal of Multivariate Analysis*,

ORGANISATIONAL SKILLS AND COMPETENCES	<p>Statistica&Applicazioni, Transportation Research Part C: Emerging Technologies, Journal of Applied Statistics, Journal of Educational Measurement</p> <p>CO-ORGANIZATION OF CONFERENCES AND WORKSHOPS 2015 Bayesian Networks at work, invited speakers: R. Kennet (KPA Ltd., Raanana, Israel, University of Turin, Italy and Center for Risk Engineering, NYU Poly, New York, USA) e M. Scutari (University of Oxford, UK), workshop organized at University of Brescia, May 2015. 2013 SIS 2013 International Meeting Advances in Latent Variables Methods, Models and Applications, organized at University of Brescia, June 2013. 2009 IES2009 - Innovazione e Società 2009, organized at University of Brescia, June 2009.</p> <p>ORGANIZATION OF VISITING PERIODS OF EUROPEAN SCHOLARS 2015 M. Scutari (University of Oxford, UK) 2017 R. Kennet (KPA Ltd., Israele)</p> <p>ORGANISATIONAL ACTIVITY IN PhD COURSES From 2017 Member of the Teaching committee of the PhD in Analytics for Economics and Management (AEM), University of Brescia From 2013 to 2016 Member of the Teaching committee of the PhD in Analytics for Economics and Business (AEB), University of Bergamo and Brescia</p>
TECHNICAL SKILLS AND COMPETENCES	<p>2018: Award FFABR "Fondo per il finanziamento delle attività base di ricerca" (Ministry of Education, Universities and Research, Italy)</p> <p>Scientific communication (speaker at several international and national conferences)</p> <p>Reviewer activity for International scientific journals</p> <p>Computer skills: Good command of statistical programming language R, Matlab Good command of Microsoft Office tools and LaTeX</p>
TEACHING SKILLS AND COMPETENCES	<p>Teacher at the PhD in Analytics for Economics and Management (AEM), University of Brescia, of the following courses: From 2017/2018 Statistical Inference and Probability (mandatory course) From 2017/2018 Statistical Models and Forecasting (optional course for the statistical area)</p> <p>Teacher at the University of Brescia (Dept. of Economics and Management, previously Faculty of Economics) of the following courses: From 2009/10 Statistics for Risk Management 2009/10 and 2010/11 International Economic Statistics 2007/08 and 2008/09 International Economic and Social Statistics From 2005/06 to 2008/09 Financial Time Series 2006/07 Statistical Inference</p> <p>Lecturer at the University of Brescia (Dept. of Economics and Management, previously Faculty of Economics) of the following courses: Statistical Inference, Statistics for Finance, Statistics for Risk Management, Statistics and Probability, Financial Time Series, Business Statistics, International Economic and Social Statistics.</p> <p>Lectures on Rasch models, ARIMA-GARCH models.</p> <p>Supervisor of some Master's thesis.</p>
DRIVING LICENCE(S)	Category B

1. SCIENTIFIC JOURNALS

International Journals with Impact Factor

1. Golia S., Brentari E, Carpita M. (2017). "Causal reasoning applied to sensory analysis: The case of the Italian wine". *Food Quality and Preference*, 59, 97-108.
2. Golia S. (2016). "A proposal for categorizing the severity of nonuniform differential item functioning: the polytomous case". *Communication in Statistics. Theory and Methods*, 45, 236-251
3. Golia S. (2015). "Assessing the impact of uniform and nonuniform differential item functioning items on Rasch measure: the polytomous case". *Computational Statistics*, 30(2), 441–461.
4. Golia S., Simonetto A. (2015). "Treating ordinal data: a comparison between rating scale and structural equation models". *Quality and Quantity*, 49(3), 903–915.
5. Carpita M., Golia S. (2012). "Measuring the quality of work: the case of the Italian social cooperatives". *Quality and Quantity*, 46(6), 1659–1685.
6. Boyle P., Golia S., Daly P., Johnston P.G., Robertson C. (2003). "Cancer mortality in Ireland, 1926-1995". *Annals of Oncology*, 14, 323–332.
7. Stenzl A., Jarolim L., Coloby P., Golia S., Bartsch G., Babjuk M., Robertson C. (2001). "Urethra-sparing cystectomy and orthotopic urinary diversion in women with malignant pelvic tumors". *Cancer*, 92, 1864–1871.
8. Golia S., Sandri M. (2001). "A Resampling Algorithm for Chaotic Time Series". *Statistics and Computing*, 11, 241–255.
9. Golia S., Sandri M. (1997). "Resampling Chaotic Time Series". *Physical Review Letters*, 78(22), 4197–4201.

International Journals without Impact Factor, but indexed in SCOPUS

10. Golia S., Pedrazza M., Berlanda S., Trifiletti E. (2017). "The interplay of attachment avoidance and anxiety in affecting nurse's caregiving style and emotional exhaustion". *TPM - Testing, Psychometrics, Methodology in Applied Psychology*, 24(3), 437-457.
11. Golia S. (2015). "On the interpretation of the uncertainty parameter in CUB models". *Electronic Journal of Applied Statistical Analysis*, 8, 312-328.
12. Golia S., Pedrazza M. (2014). "Assessing the relational competence as the core dimension of social worker's perceived self-efficacy through the Rasch model". *Electronic Journal of Applied Statistical Analysis*, 7(1), 58–80.
13. Golia S. (2012). "Differential Item Functioning classification for polytomously scored items". *Electronic Journal of Applied Statistical Analysis*, 5(3), 367–373.
14. Golia S. (2011). "The impact of questionnaire size on the accuracy of the Rasch measure", *Journal of Applied Sciences*, 11(4), 707–712.
15. Brentari E., Golia S. (2008). "Measuring job satisfaction in the social service sector with the Rasch model". *Journal of Applied Measurement*, 9(1), 45–56.

International Journals without Impact Factor

16. Golia S. (2010). "The assessment of DIF on Rasch measures with an application to job satisfaction". *Electronic Journal of Applied Statistical Analysis: Decision Support Systems and Services Evaluation*, 1(1) 16–25.

National Journals

17. Golia S. (2012). "Evaluate the magnitude of non uniform DIF for Rasch model: the polytomous case". *Quaderni di Statistica*, 14, 129–132.
18. Brentari E., Golia S. (2007). "Unidimensionality in the Rasch model: How to detect and interpret". *Statistica*, 67, 3, 253–261.
19. Brentari E., Golia S., Manisera M. (2007). "Models for categorical data: a comparison between the Rasch model and Nonlinear Principal Component Analysis". *Statistica & Applicazioni*, V, 1, 53-77.
20. Golia S. (2001). "I processi FIGARCH: un'applicazione all'indice MIB 30". *Statistica Applicata*, 13, 4, 393-412.
21. Golia S. (2001). "Long memory effects in ultra-high frequency data". *Quaderni di Statistica*, 3, 43-52.

2. BOOK CHAPTERS

1. Golia S. (2011). "Misura oggettiva dell'autoefficacia percepita tramite il Modello di Rasch". In: F. Bressan, M. Pedrazza, E. Neve (Eds.), *Il percorso formativo dell'assistente sociale* (pp. 219-230). FrancoAngeli, Milano.
2. Brentari E., Golia S. (2009). "Misure oggettive della qualità del lavoro soggettiva nelle cooperative sociali". In M. Carpita (Ed.), *La qualità del lavoro nelle cooperative sociali – Misure e modelli statistici* (pp. 95-126). FrancoAngeli, Milano.
3. Brentari E., Golia S., Manisera M. (2008). "Analyzing ordinal data to measure customer satisfaction: a comparison between the Rasch Model and CatPCA". In L. D'Ambra, P. Rostirolla, M. Squillante (Eds.), *Metodi, Modelli, e Tecnologie dell'Informazione a Supporto delle Decisioni. Parte prima: metodologie* (pp. 55-62). Franco Angeli, Milano.
