Prof. Caterina Muzzi graduated in Economics and Management at LUISS – Guido Carli of Rome, and got her Ph.D. in “Information Systems Management” in 2004 at the same university

She is Associate Professor of Organization Studies and Human Resource Management at the Department of Economics and Management at the University of Brescia where she teaches “Business Organization” (in English) at the third year of the bachelor Course of “Economia e Gestione Aziendale”, curriculum of “Business”, “Organizational Behaviour” (in English) at the first year of the MSc in Management – curriculum in Green Economy and Sustainability, “Organizzazione Aziendale H-Z” at the third year of the bachelor Course of “Economia e Gestione Aziendale” In the A.A. 2013/2014 she also taught HRM at DEM. She used to teach the same courses at the faculty of Sociology of the University of Rome “La Sapienza”, at the Faculty of Medicine of the University of Brescia and at the Faculty of Managerial Sciences of the University of Chieti-Pescara “D’Annunzio”. In 2003 she has been Visiting Researcher at the Copenhagen Business School where she taught the course of “Computer-Mediated Communication in Groups and Organisations” for MSc students. She teaches at Università & Impresa Consortium of Brescia and at the Master “Local production Systems Management” at the University of Chieti-Pescara. She was involved in several research projects both at national (PRIN 2005 e PRIN 2010-2011) and international levels; among these she was involved in COMMORG and WEST-EAST ID projects funded by the EC within the 5FP. She is one of the founders of the Inter-departmental Observatory on Organizational Well-being and Health Promotion” created on January 2014 at the University of Brescia. She is one of the members, and also a teacher, of the Scientific Committee of the specializing course “Mobbing: legal, clinical and organizational aspects” at the University of Brescia. She was Scientific Responsible for the post-doc research project “Research and competitiveness _ innovative start-ups in the biomedical sector in Brescia” activated in 2014 at DEM. Her main research interests are competences and innovation, inter-organizational networks, information systems diffusion, organizational well-being and work-life balance.

She is one of the tutor of the course of “Economia e Gestione Aziendale” at the DEM and she is also member of the Curricula Commission at the same department.

She is member of the European Group for Organization Studies (EGOS), the European Academy of Management (EURAM) and the Italian Association for Organization and HRM (ASSIOA) where she is also a member of the Board of Directors since January 2018.

She authored several publications both in Italian and in English on national and international journals. She is a reviewer for several international journals.
